

MUSIC WORKSHOP

Music workshop was conducted by Ms. Anika Agrawal (a renowned musician and versatile personality) on 31st August, 2019 at SICA 78. This workshop was very helpful for all the music students of class 11th and 12th. She taught various techniques such as Yogic breathing, voice modulation with the help of vowel sounds, breathing elongation techniques, Rechak pranayama etc. The techniques taught by her will definitely help the students in one or the other way. She also praised the students for their active participation and good conduct. The music department along with all the music students feels extremely honored and delighted to be a part of such a wonderful workshop.
